BOOK SYNOPSIS

My guide to making you a better cook. I cant tell you how long Ive dreamed about writing this book. Its the biggest book Ive ever done, and Ive really tried to make it a timeless, modern-day classic. Whether youre a student, a young couple, an established cook, or a novice, Ill take you through a whole load of simple and accessible recipes that will blow the socks off your family and any guests you might have round for dinner. Theres information on the equipment that I think you should have in your kitchen, advice on how to recognize and cook loads of different cuts of meat, as well as on how to get the best value and quality when youre out shopping. With all of us consuming more processed food than ever, its a sad fact that most people just arent confident enough to cook anymore. With this in mind, now is the time for you to get stuck in and reclaim your fantastic cooking heritage! You know what . . . if youre going to eat three times a day for the rest of your life, you might as well learn to cook properly and enjoy it! So roll up your sleeves and let me help you. P.S.: By the way, you should feel good about buying this book because every single penny I make from it will go toward training and inspiring young kids from tough backgrounds all over the world to have a career in food through the Fifteen Foundation. So on behalf of them, thank you.
