BOOK SYNOPSIS

How to Make Money Trading Ichimoku Cloud Charts Ichimoku Kinko Hyu, commonly referred to as Ichimoku indicator, is one of today's most powerful trading systems. A Japanese innovation, like the candlesticks, it can be used with equal success to trade stocks, commodities, futures, currencies and bonds — in fact, to anything that can be charted! Ichimoku also works very well on all time frames, from the weekly all the way down to the one-minute chart. Loosely translated, Ichimoku chart means a 'one glance equilibrium' chart. Due to the unique construction of the Ichimoku cloud, which is the heart of this system, a trader can visually determine in an instant whether a chart is bullish or bearish! Not just that:

- Ichimoku clearly defines support and resistance, identifies trend direction, gauges momentum, and provides trading signals
- It is the only system with a built-in forward looking indicator
- Looking at Ichimoku charts on multiple time frames can offer a tell-all x-ray into the dynamics of any market
- It shows how to correctly time their entry and exit trades
- Most charting platforms today offer Ichimoku as an indicator. Packed with in-depth analysis of high-probability trading strategies and numerous real-market examples of stocks, derivatives, commodities and currency trades, this book reveals how you can make money using the powerful Ichimoku system, the candlestick cloud charts.

HOW TO MAKE MONEY TRADING THE ICHIMOKU SYSTEM GUIDE TO CANDLESTICK CLOUD CHARTS
